HOW TO DETERMINE YOUR RING SIZE.

Ring measurements are very precise. Carefully follow these instructions to obtain an accurate measurement.

1. Prior to printing, ensure that Page Scaling is set to "None" on your print dialog box.
   (To open the print dialog box, press CTRL+P.)

2. Measure the bar below. It must be exactly 1 inch or 30 mm long. Alternately, place a quarter where indicated. The quarter should fit completely over the image so that all lines are covered, without the quarter hanging over any edges.
